Are You a K-12 educator?

0:00 / 1:03

The Museum of Modern Art offers individual courses and a three-course specialization developed for K-12 educators:

- Art Activity: Museum Teachers' Guides for Your Classroom (1 & 2 Hours)
- Art Activity: Interactive Visual Literacy Strategies (1 & 2 Hours)
- Art Activity: Teaching with Objects (1 & 2 Hours)
- Specialization: Visual Literacy, Aesthetics, and Thinking Routines (12 All Hours, Includes all three courses)

New York State teachers scanned in any of these courses in the specialization to receive Continuing Teacher and Leader Education (CTLE) credit. Many hours are a result of the following certificates:

- Professional certification (classroom teaching service)
- Professional certification (Introductory leadership service (ex., School Building Leader, School District Leader, and School District Business Leader))
- Teaching Assistant Level Pro Certificate

If you are a **New York State teacher**, consider enrolling in one of our in-person specialization Tuesday labs (today)!
