Two interventions in television and architecture

Both Tom Rafter and Gerald Neuhoff have published related work on corruption and the role of transparency. The Journal article by Neuhoff et al. is an empirical study on corruption levels and the role of transparency in the public sector. The Journal article by Rafter et al. is a theoretical study on the role of transparency in the public sector. The Journal article by Rafter et al. is a theoretical study on the role of transparency in the public sector.
