Focus of the Course

0:09 / 1:39 1x

The topics we cover in this course concern serious psychological disorders and suicide. Feeling anxiety and depression from time to time when faced with life's challenges is not uncommon. As you will read in this course, there are many effective treatments that can alleviate the pain of anxiety and depression. Many of these treatments can enhance the quality of life and provide hope. Please seek professional help if you, a friend, or family member is struggling with anxiety, depression, or are having thoughts of suicide. In the United States you can call or text 988 to reach the National Suicide Prevention Lifeline, use the 24 hour chat service at 988lifeline.org/chat/, or visit the website at https://988lifeline.org/. Additional Resources are available at https://www.speakingofsuicide.com/resources/.

This course is not designed to provide and should not be interpreted as medical, healthcare, or clinical advice. This course is intended to enhance your understanding of the disorders and treatments that it covers. It is for informational purposes only. It is not intended to provide training in therapeutic techniques or as a substitute for clinical training, and the information made available through the course should not be relied upon as a substitute for professional medical advice, diagnosis, or treatment, nor does it replace the same. If you rely on any of the information in the course, you do so solely at your own risk. Always seek the advice of your physician or other qualified healthcare provider with any questions you may have regarding your health.
