1. Complete Systems Model Overview

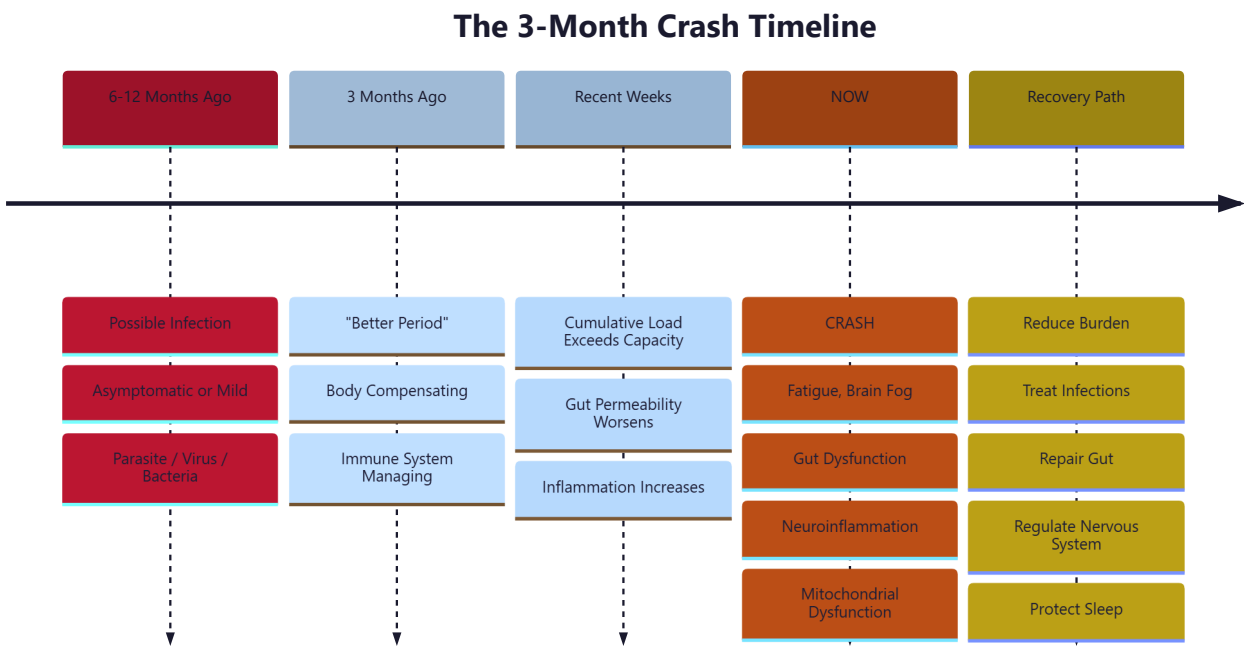

2. Post-Infectious Cascade Mechanism

How a mild infection triggers a cascade leading to chronic symptoms

3. The 3-Month Crash Timeline Pattern

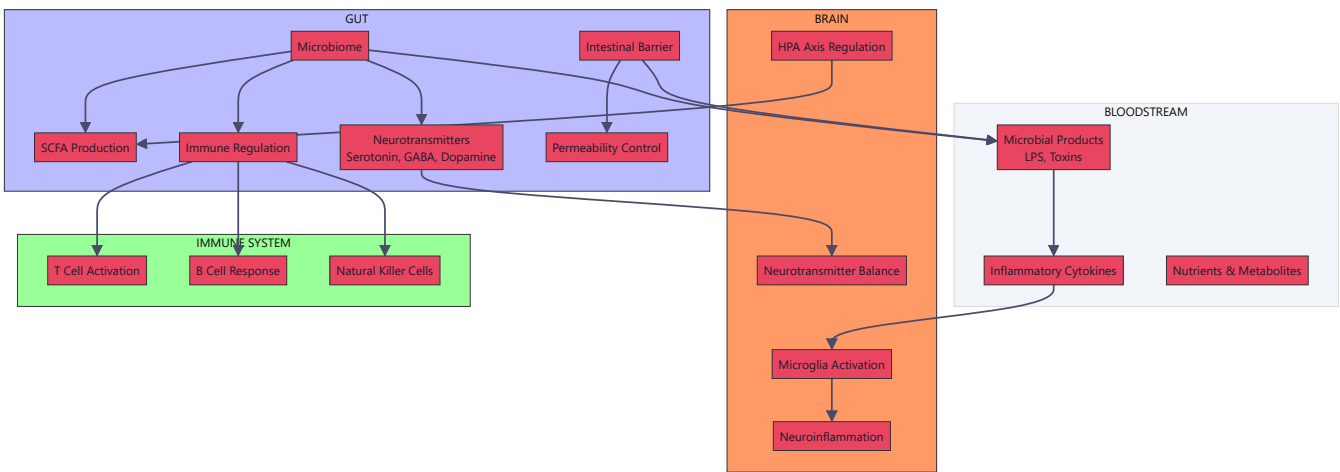

The pattern of feeling better followed by a sudden crash

4. Stress-Fatigue Vicious Cycle Neurobiology

How chronic stress and fatigue reinforce each other

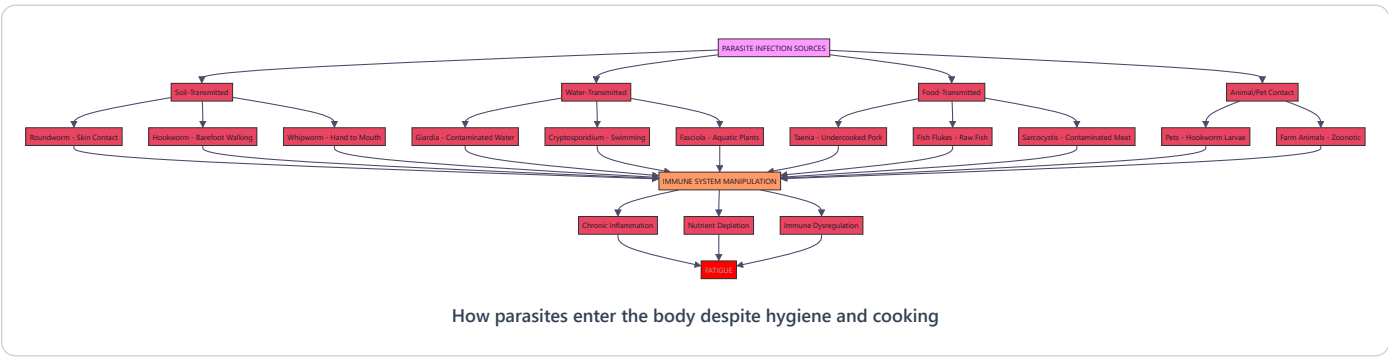

5. Gut-Brain-Immune Axis Central Hub

The central connection between all major systems

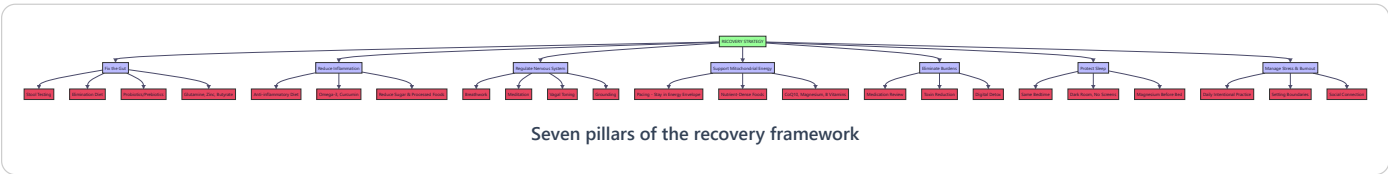

6. Parasite Infection Routes

Exposure

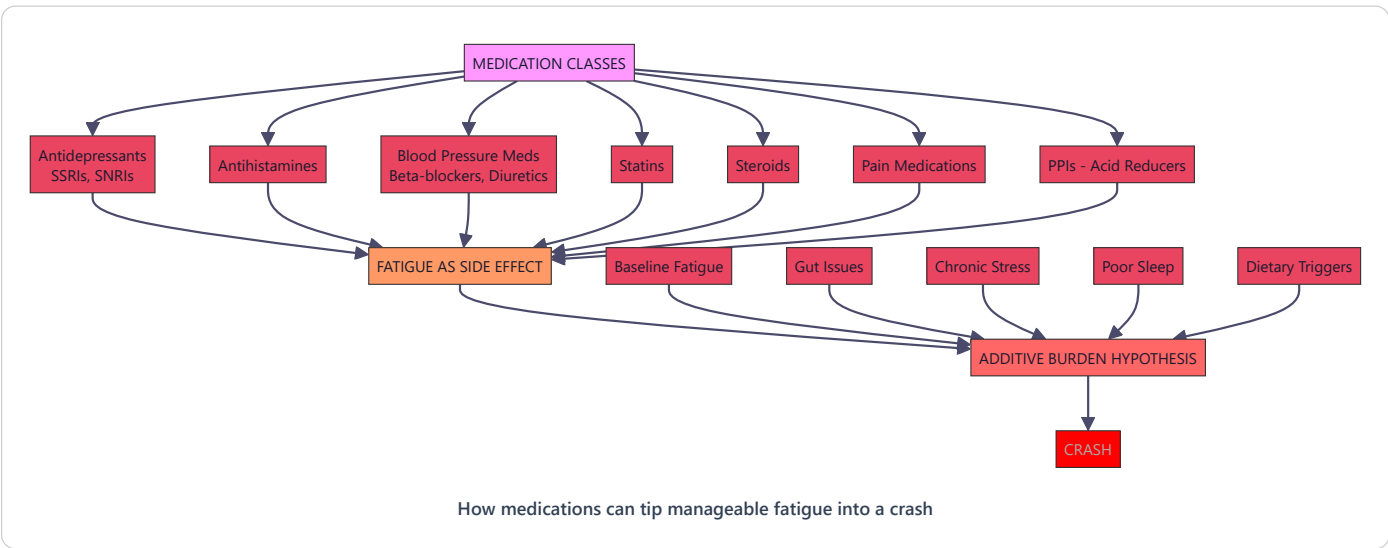

7. Recovery Strategy

7 Pillars

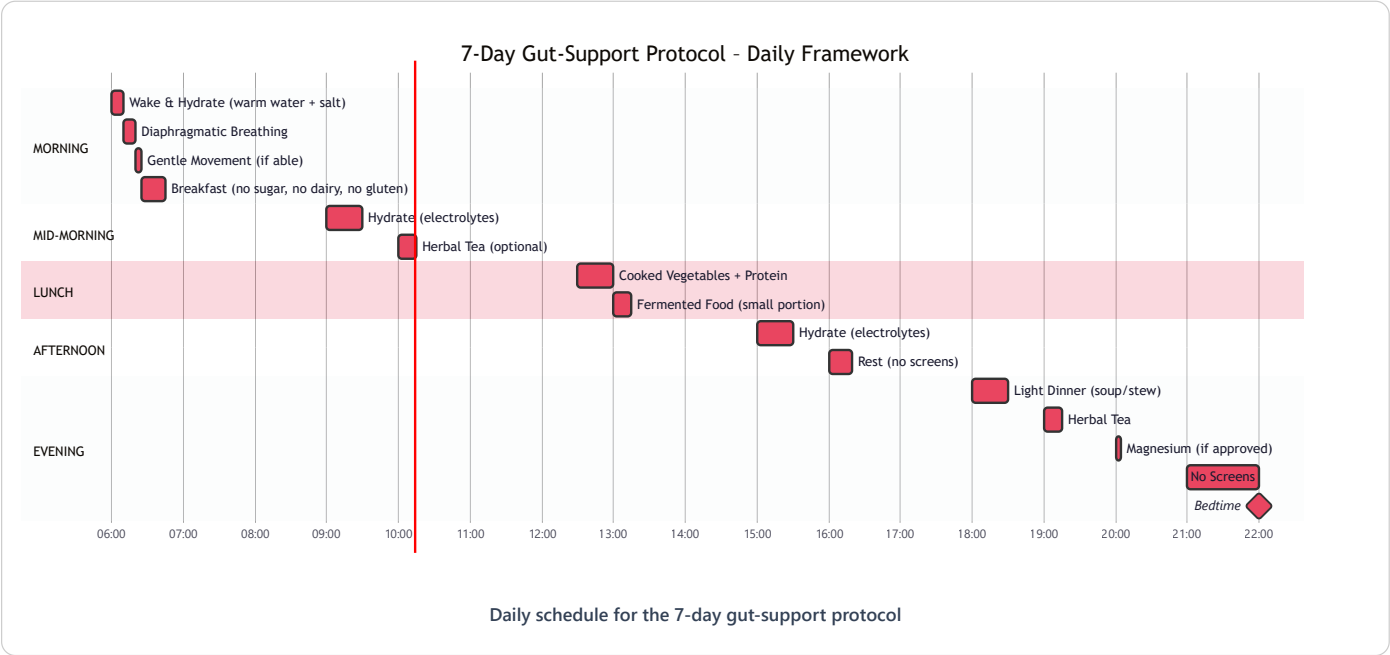

8. Medication Burden

Additive Load

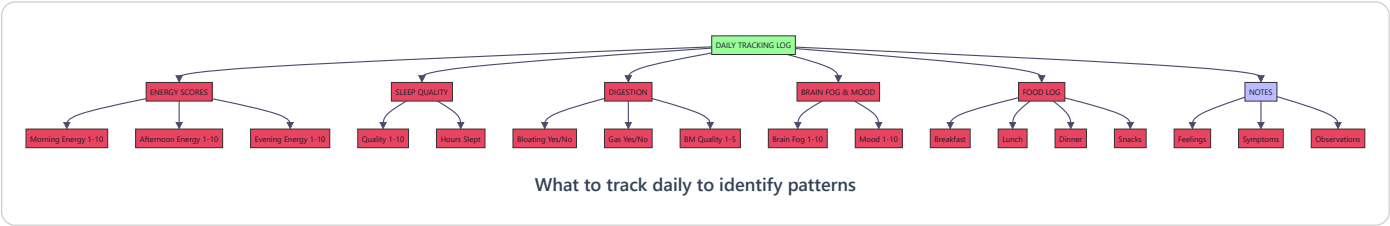

9. Daily Gut Protocol Framework

7-Day Plan

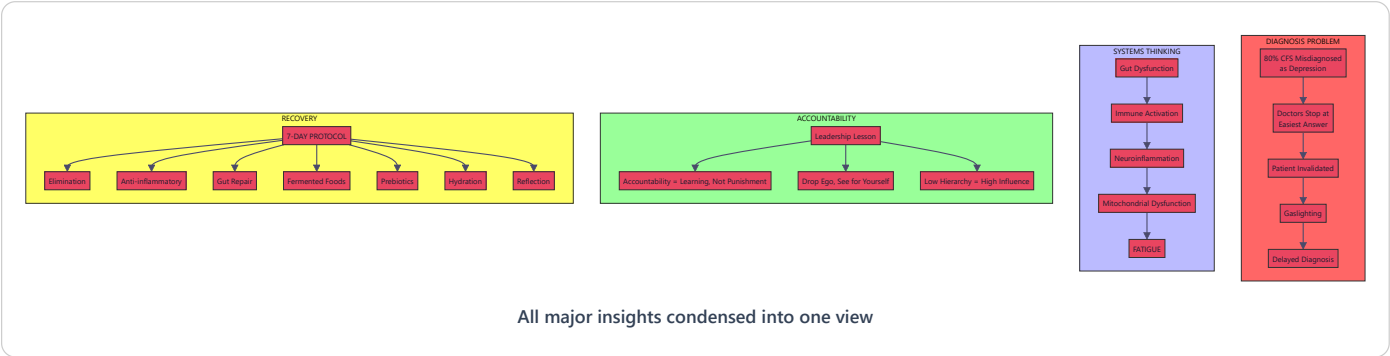

10. Daily Tracking Log

Self-Monitoring

11. Key Frameworks Summary

At a Glance
